

Why we do student ministry

Him we proclaim, warning everyone and teaching everyone with all wisdom, that we may present everyone mature in Christ. For this I toil, struggling with all his energy that he powerfully works within me.- Colossians 1:28-29 ESV

Everything we do as a student ministry will be with the same goal and within the vision of The Church at Arrowhead. We want to connect lost people to a mature walk with Jesus. We want our student ministry to feel like family. We want our students to get up and go no matter what when it comes to being on mission with God. As a student ministry, we exist to proclaim Jesus Christ to every person every time we gather. Our goal is to present everyone mature in Christ—no person left behind. This is what we will labor for using the love of Christ displayed on the cross as our fuel to love every student God brings our way with the same kind of love shown to us on the cross.

How we do student ministry

Our goal is to reach students and their families with the gospel. We want to come alongside families and help them disciple their kids to become fully devoted followers of Jesus. We realize that each family is in a little different place along the journey and we want to meet them right where they are and help them along the way. We also realize that students come from all different backgrounds and may not even have a family that follows Christ and we want to meet that student right where they are and help them by providing solid spiritual mentors to disciple them and teach them how to follow Jesus.

Where we do student ministry

We are not our own church within a church as a student ministry and we are not our own separate church operating on the campus at TCAA. This means we have the same goals and vision of connecting lost people to a mature walk with Jesus. We will be in a main worship service with our families and then the parents can attend a Journey Group while the students attend the youth hour. We will have several fun events throughout the year that are geared toward connecting students with each other and giving them the tools they need to follow Jesus and make a difference in their world. We want to challenge students to grow spiritually and to do their part in connecting lost people to a mature walk with Jesus, to make our student ministry feel like family and to be ready to get up and go no matter what to be on mission with God.
